1.3.6: Putting Reproducible Research Principles Into Practice

(In Person)

COMING SUMMER 2025

Module "1.3.6: Putting Reproducible Research Principles Into Practice" will be posted prior to the In-Person Workshops in Summer 2025.

Session Objectives

1. Discuss reproducible research principles.
2. Apply reproducible research principles to data analysis using R Markdown.

Key points to cover:

1. Reproducible research principles
2. What is R Markdown
3. How to create a report using R Markdown
    - Customize the layout of presentations or reports
    - Insert and create objects, such as tables, images, or videos, within a document
