## R Markdown

This is an R Markdown document. Markdown is a simple formatting syntax for authoring HTML, PDF, and MS Word documents. For more details on using R Markdown see <http://rmarkdown.rstudio.com>.

When you click the **Knit** button a document will be generated that includes both content as well as the output of any embedded R code chunks within the document. You can embed an R code chunk like this:

```
summary(pressure)
```

```
##   temperature      pressure
## Min.      : 0   Min.      : 0.0002
## 1st Qu.: 90   1st Qu.: 0.1800
## Median :180   Median : 8.8000
## Mean   :180   Mean   :124.3367
## 3rd Qu.:270   3rd Qu.:126.5000
## Max.    :360   Max.    :806.0000
```

## Including Plots

You can also embed plots, for example:

Note that the `echo = FALSE` parameter was added to the code chunk to prevent printing of the R code that generated the plot.
